## Walk in: Light tone

---

A combination of functionality and aesthetics, a walk-in wardrobe neatly segments your space and allows its contents to be organised and accessible.

Use this guide as a starting point to bring your wardrobe to life.

### Design tips

Stony Grey cabinetry suits most styles and colour schemes, whilst Refined Oak lined inner cabinetry provides a sophisticated finish. Edge doors in crisp white to emphasise the mix of textures, and plan your space so as to maximise storage and provide easy access to high places.
