# Design for life.

Laminex® has been part of Australian life for more than 85 years. Our commitment to design, innovation, quality and sustainability endures, that's why we continue to produce a beautifully curated collection of decorative surfaces. They're perfect for a wide range of styles and applications, and are designed to stand up to the rigours of everyday life.

# Navigating the range.

We know design decisions can be challenging, so to help make things easier we have brought together a timeless range of Mineral laminates that are split into three categories – Veins, Aggregates and Concretes.

## Veins

From subtle to dramatic veining, our marble inspired décors range from delicate to large-scale designs adding sophistication to any space.

## Aggregates

Inspired by natural stone, quartz and terrazzo styles, the range extends from ultrafine granular detailing to strong, statement-making designs.

## Concretes

Polished and unrefined, concrete décors range from smooth and sleek surfaces to weathered and textural styles.

Laminex laminates combine timeless and contemporary colours and finishes with the durability to stay looking pristine in the most demanding interior environments. They're hardwearing, stain resistant, easy to clean, and rigorously tested to ensure that they satisfy Australian standards for surface materials.

# Laminex Finishes.

The Laminex Minerals are available in a range of products and finishes for various applications. Here's a guide to each of the laminate finishes:

## Natural Finish

A low sheen, smooth touch surface that is a durable and low maintenance option for benchtops and cabinetry.

## DiamondGloss® Finish

A stunning high gloss benchtop surface, polished to perfection giving it a brilliance that is both striking and refined.

# TrueScale™

Laminex TrueScale is a celebration of scale and stone. In a market first, slabs of immense size have been reproduced and printed without repeat, down to the smallest detail.
