Profiled Cabinetry Sheets

Introducing Laminex Profiled Cabinetry Sheets

Laminex Profiled Cabinetry Sheets are a contemporary, design-led solution to add texture and interest to any interior space.

The range is designed to work with

SURROUND
by Laminex™

The very latest in cabinetry solutions, this range of profiled sheets are ready to cut to size, paint and install.

Contemporary Design

From timeless vertical designs to contemporary scallops and soft undulating curves, add a personal touch to cabinetry with textural interest. The sheets are designed to seamlessly integrate spaces with popular Surround By Laminex Decorative Wall Panels.

Pre-Profiled Sheets

Save time and money with a range of profiled cabinetry sheets that are delivered, ready to cut to size, lightly sand, paint and install. You can easily offer your customers the latest in design trends without investing in expensive tooling and equipment.

High Grade Medium Density Fibreboard

Manufactured using high-grade ultracraft substrate, Laminex Profiled Cabinetry Sheets are stain and impact-resistant, robust and high-performing, making them ideal for any space from the kitchen, bathroom and laundry, to the playroom, bedrooms and hallway.

Proudly Made in Australia

All Laminex Profiled products are proudly manufactured in Australia by Laminex using environmentally sustainable timbers that support national employment and the economy.

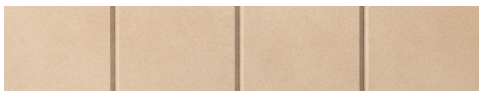

Joinery uses **Laminex Profiled Cabinetry Sheets – Demi Round 20** painted in Dulux Manila.
